

## Course Description

In this course, you'll get to know the basic plotting possibilities that Python provides in the popular data analysis library pandas. You'll learn about the different kinds of plots that pandas offers, how to use them for data exploration, and which types of plots are best for certain use cases.

## ✓ Certificate of Completion

This person's account is verified and was created on Nov. 22, 2020. Real Python certifies their completion of the *Plot With Pandas: Python Data Visualization Basics* course on Feb. 10, 2021.

## About Real Python

[Real Python](https://realpython.com/) is an online learning platform and expert community for Python software developers. It offers interactive online classes and in-depth tutorials created by a team of subject matter experts.
