

Course Description

Learn all about how to perform definite iteration with Python "for" loops. You'll see how other programming languages implement definite iteration, learn about iterables and iterators, and tie it all together to learn about Python's for loop.

✓ Certificate of Completion

This person's account is verified and was created on Nov. 22, 2020. Real Python certifies their completion of the *For Loops in Python (Definite Iteration)* course on Dec. 27, 2020.

About Real Python

[Real Python](https://realpython.com/) is an online learning platform and expert community for Python software developers. It offers interactive online classes and in-depth tutorials created by a team of subject matter experts.
