

Course Description

As of Python 3.6, f-strings are a great new way to format strings. Not only are they more readable, more concise, and less prone to error than other ways of formatting, but they are also faster! By the end of this course, you'll know how and why to start using f-strings today.

✓ Certificate of Completion

This person's account is verified and was created on Nov. 22, 2020. Real Python certifies their completion of the *Python 3's f-Strings: An Improved String Formatting Syntax* course on Dec. 29, 2020.

About Real Python
