This is to certify that

Angelika Kiepas

has successfully completed

Using List Comprehensions Effectively

a course of study offered by Real Python (realpython.com), an online learning platform and expert community for Python software developers.

Completion Date: Jan. 27, 2021
Verification ID: e46c0f62-266f-48f6-85e9-46d0fb9772b7

Real Python

Course Description

This short course breaks down Python list comprehensions for you step by step. See how Python's comprehensions can be transformed from and to equivalent "for"-loops so you'll know exactly what's going on behind the scenes.

✅ Certificate of Completion

This person's account is verified and was created on Nov. 22, 2020. Real Python certifies their completion of the *Using List Comprehensions Effectively* course on Jan. 27, 2021.

About Real Python

Real Python is an online learning platform and expert community for Python software developers. It offers interactive online classes and in-depth tutorials created by a team of subject matter experts.
